**Title:** Dungeons and Dragons Helper

**Team Members:** Zeyu Feng, Jackson DuBart, Kalei Lewis, John Griffin, Erik Rhodes

**Tools:**

**VCS:** GitHub ★★★★★

**Database:** PostgreSQL ★★★★★

**Deployment:** Heroku ★★★

**Framework:** Node.js ★★★★★★

**IDE:** VS Code, Atom ★★★★★

**Methodologies:**

Agile and Pair Programming

**Challenges:**

**Communication:** making sure we didn't overwrite each other's commits or interfere with pieces that someone else was working on

**Database:** we have a large number of different pieces of data that we have to keep track of

**Testing:** we weren't able to test our code locally, only by committing and waiting for heroku to update

**Knowledge:** not every team member knew the specifics of Dungeons and Dragons

Live demonstration was performed on April 23 at 2:40pm.
